OUR JOURNEY

Our story began in 2014, to reshape Sudan's skyline. The years of conflict tested our resolve like a stress test on steel.

But where others saw impossibility, we saw purpose. The wars tempered us, strengthening our resolve to build. By establishing international procurement channels and investing in a dedicated heavy transport fleet, we ensured uninterrupted progress, evolving from a single vision into a fully integrated ecosystem of construction excellence.

From Challenge to Capability

Over time, challenges became catalysts for growth. They pushed us to build independent supply chains, invest in logistics, and develop an execution model defined by control, reliability, and resilience. Today, our capability is not theoretical—it is proven in the field, shaped by experience, and engineered to perform when it matters most.

WHO WE ARE?

01

Integrated Expertise

A seamless synergy between architectural design, structural engineering, and interior finishing.

02

Uncompromising Quality

Mastery over every critical element, from concrete and steel to the final brushstroke of paint.

03

Resilient Spirit

A Genetic that is coded to overcome challenges, turning obstacles into stepping stones for greatness.

OUR VISION

To be the undisputed leader and the most trusted name in East and Central Africa's construction sector, recognized for setting new benchmarks in quality, innovation & sustainable development. We envision a future where Primex is synonymous with the rising, modern skyline of Sudan and beyond.

OUR MISSION

To deliver exceptional, end-to-end construction & design solutions by merging artistic vision with engineering precision. We are committed to empowering our clients' dreams through relentless innovation, meticulous execution, and a partnership that lasts long after the project is complete.

WHY CHOOSE US

01 End to End Mastery

From the initial architectural sketch to the final interior detail, we offer a seamless, integrated service. You get a single point of responsibility, ensuring consistency, quality, and efficiency from concept to completion.

02 Unbeatable Supply Chain & Logistics

Our strategic alliances and direct sourcing from Egypt, Turkey, and China guarantee premium materials at competitive prices. Coupled with our in house heavy transport fleet, we ensure timely delivery, overcoming local logistical hurdles.

03 Divisional Expertise

Concrete Work Division

Ensuring structural integrity & longevity.

Steel Work Division

Crafting robust skeletons for iconic structures.

Finishes & Interior Design Division

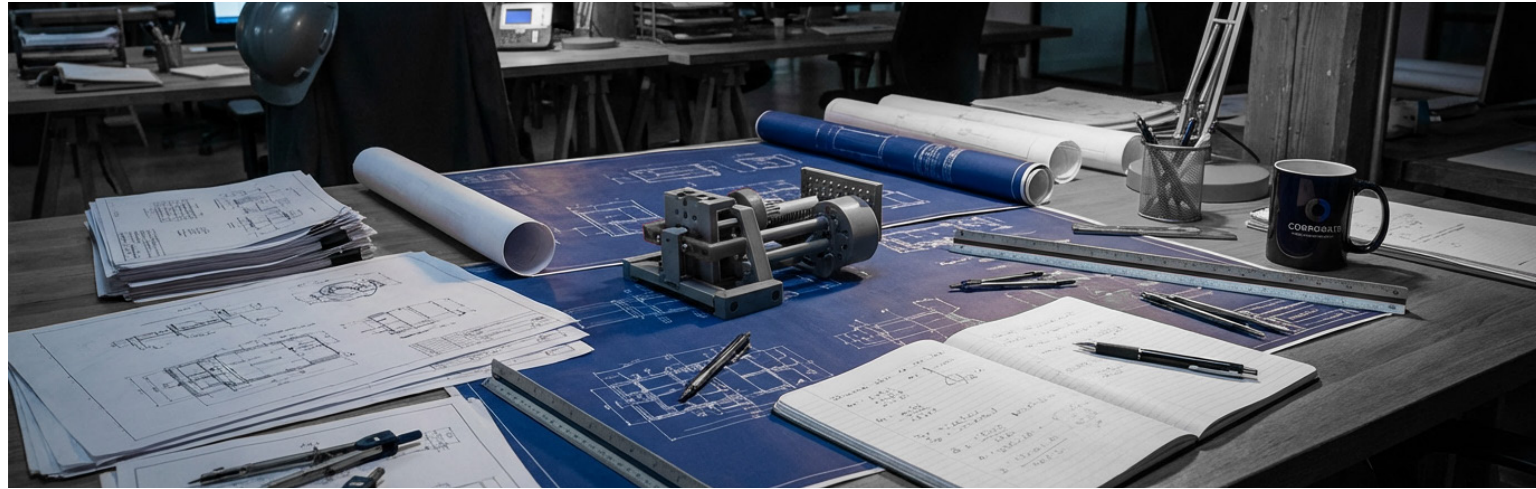

Turning structures into tailored experiences.

OUR SERVICES

ARCHITECTURAL & STRUCTURAL DESIGN

Creative and technically sound designs that are both beautiful and safe.

SPECIALIZED DIVISIONS

Concrete Works & Precast Solutions

Structural Steel Fabrication & Erection

Interior Fit Out & Finishing

CONSTRUCTION MANAGEMENT

Full scale project execution with meticulous attention to detail, budget, and timeline.

MATERIAL PROCUREMENT & SUPPLY

A reliable channel for high quality construction materials.

HEAVY TRANSPORT & LOGISTICS

Ensuring your materials are where they need to be, when they need to be there.

OUR PROJECTS

A showcase of projects delivered through integrated expertise, disciplined execution, and uncompromising quality—built to perform, no matter the challenge.
